

# 6205 COAL AGE V. 39

*With Which Is Consolidated*  
*The "Colliery Engineer" and "Mines and Minerals"*

## INDEX TO VOLUME XXXIX

January to December, 1934

**NOTE**—The articles and references in this index have been classified under leading subjects or topics, as far as practicable, and should be sought under such heads, which, together with all unclassified matter, are arranged alphabetically. Illustrated articles, or cuts standing by themselves are indicated by an asterisk (\*). The subject matter of editorials will be found classified under the subject with which they deal and marked (e). Many titles of articles are abbreviated, the aim being to give prominence to important words.

Following is a list of the pages included in each issue of the volume, for convenience of reference:

	Pages
January	1-38
February	39-86
March	87-118
April	119-156
May	157-208
June	209-256
July	257-296
August	297-334
September	335-370
October	371-408
November	409-446
December	447-510

### A

**Accidents**  
Explosion at Derby, Va., mine ..... 367  
Monthly fatality reports ..... 36, 84, 206, 331, 406, 444, 510  
Welch disaster kills 270 ..... 402  
Wrexham explosion (e) ..... 372

**Accounting.** See Management.

**Alabama**  
Safety revival planned ..... 497

**Alabama Mining Institute**  
Election of officers ..... 509

**American Institute of Mining & Metallurgical Engineers**  
Bituminous Research Committee ..... 253  
Coal Division meets at State College, Pa. ..... 429  
Institute discusses roof control, health, safety, coal classification and mining education ..... 101  
Ohio section discusses coal washing ..... 431  
Program for February meeting ..... 31

**American Mining Congress**  
Appoints committee on Bureau of Mines ..... 31  
Cincinnati convention dominated by "new deal" problems ..... 219  
New Equipment at Cincinnati show ..... 234  
Square deal for Bureau of Mines asked ..... 15  
Technical program, Cincinnati convention 174

**American Society of Testing Materials**  
Committee busy on coal and coke ..... 401

**Anthracite**  
Anthracite burner code ..... 153  
Drives for lower costs and higher quality in 1933 ..... 44  
Exempted from duty ..... 195  
Hudson Coal Co. cuts refuse-disposal cost by belts and shuttle conveyors ..... 6  
Isovol and specific gravity map, anthracite region ..... 106  
Production, monthly ..... 35, 79, 113  
Research in anthracite seeks new markets. H. G. Turner ..... 58

**Anthracite Club of New York**—meeting ..... 205

**Anthracite Institute**  
Louis C. Madeira III elected head ..... 288

### B

**Belgium**  
Air-lock cages through ventilation shafts. F. C. Cornet ..... 353  
Gate for loading cars ..... 29

**Belleville Group Coal Assn.**  
Election of officers ..... 255

**Bituminous Coal Research Inc.**  
Directors appointed ..... 509

### Blasting

Drilling and blasting standards used at an Indiana mine ..... 323  
Face preparation opens new vistas for modernization ..... 165  
Piercer for primers ..... 110  
Safe blasting practice at mine of Columbia Steel ..... 76  
Book reviews ..... 25, 109, 143, 189, 244, 283, 319, 357, 395, 435, 493

### Briquetting

Lehigh Briquetting adds to plant ..... 497  
Paris Purity building plant ..... 497  
Briquetting. See also Merchandising.

**Bureau of Mines**  
American Mining Congress asks square deal for Bureau of Mines ..... 15  
Appointment of John Finch as director (e) ..... 335  
John W. Finch appointed director ..... 362  
Orphaned? (e) ..... 1  
Permissible plates issued ..... 84, 153, 199, 324, 365, 402, 443, 504  
Political fight threatened ..... 363  
Safety work curtailed by reduction in funds ..... 402  
Transferred from Dept. of Commerce to Dept. of Interior ..... 115  
Work curtailed for reduced appropriations 288

### C

Cable guide for mining machine ..... \*247  
Cable, installing in borehole ..... \*112  
Calorimetry tells only part (e) ..... 40  
Canal to connect Lake Erie with Ohio River opposed by coal operators ..... 401  
Cardox—Utah decision reaffirmed ..... 505  
Century of Progress  
Coal at the Fair ..... 256

**Classification**  
Coal classification approaches conclusion at A.I.M.E. meeting ..... 105  
Tentative rank and grade classification offered for bituminous coal ..... 329

**Coal**  
Chlorinating coal (e) ..... 88  
Coal Age sixth annual buying power survey ..... 187  
Mechanically loaded tonnage increases in 1933 ..... 250  
Minerals found in heavy and medium gravity coal. A.I.M.E. meeting ..... 106  
No federal fuel relief ..... 399  
Coal Age—historical summary ..... 31

**Coal, Bituminous**  
Production, monthly ..... 35, 79, 113

**Coal Mining Institute**  
Safety and purification of mine water subjects at meeting ..... \*21

**Coal River Mining Institute**  
Holds safety meet ..... 403

### Codes

Anthracite code held up ..... 79  
Anthracite code revised ..... 33  
Bituminous coal code conference ..... \*150  
Bituminous coal code results analyzed by NRA ..... 137  
Bituminous Coal Labor Board personnel for Division 1 ..... 32  
Bituminous code conference postponed ..... 32  
Bituminous code proposed amendment ..... 364  
Bituminous industry reviews first year under code operation ..... 380  
Change in enforcement proposed ..... 505  
Coal price control still stands ..... 440  
Code Authority budget submitted ..... 365  
Code influences discussed at West Virginia meeting ..... \*9  
Code operation lays new economic foundations for coal mining industry ..... \*69  
Controversy over proposal for collection of data ..... 364  
Correlation of prices discussed at meeting ..... 400  
Correlation scheme for Evansville, Ind., market region ..... 364  
Darrow report attacking codes brings NRA retort ..... 252  
Divisional statistical set-up ordered ..... 504  
Dock code signed ..... 151  
Fuel problems to be studied by board under NRA ..... 33  
Willard E. Hotchkiss in charge of NRA research and wage differentials ..... \*327

### Inter-industry competition (e) ..... 40

### Interpretation of Section 7 (a) of NIRA (e) ..... 87

### Johnson points out features where attention is needed ..... 114

### Lynch law in Washington (e) ..... 158

### National Bituminous Coal Industrial Board

#### First meeting—discusses code problems \*80

#### Market practices under codes questioned 364

#### Must the bituminous code die? (e) ..... 257

#### N.C.A. favors two-year extension of bituminous code control plan ..... \*415

#### NRA approves tonnage allocation scheme to end correlation squabbles ..... 325

#### NRA issues revised order in wage and hour controversy ..... 196

#### NRA moves for correlation of bituminous coal prices ..... 291

#### National Recovery Review Board hears code complaints and adopts statistics plan ..... 206

#### Price fixing (e) ..... 88

#### Price fixing, bituminous code, upheld ..... 505

#### Price difficulties eased ..... 113

#### Protest cash discounts in competitive bidding ..... 505

#### Reports on bituminous coal operations should be carried on (e) ..... 119

#### Retail coal authority breaks with NRA ..... 400

#### Retail code authority announced ..... 505

#### Retail code signed ..... 114

#### Rocky Mt. meeting discusses problems of code administration ..... 135

#### Rocky Mountain operators request 8-hour day and 6-day week, when necessary ..... 505

#### Scrip committee in Alabama ..... 331

#### Scrip committee named ..... 154

#### Small units exempt from codes? (e) ..... 1

#### West Virginia Institute discusses code influences on mining problems ..... \*9

#### Western Kentucky enjoins NRA wage order ..... 254

#### Western Kentucky injunction argued ..... 442

#### Coke and coking

#### West Frankfort plant widens market by turning fines into domestic coke ..... \*421

### Colorado

#### Northern Colorado organizes agency ..... 497

#### Report on accident reduction at Rocky Mt. meeting ..... 132

#### Committee of Ten of Coal & Heating Industries

#### Annual meeting and election of officers 508

#### To hold annual meeting ..... 405

#### Compensation rates reduced by Virginia State Commission ..... 293

### Conveyors

#### Conveyor mining in Southern fields ..... \*337

#### Cutting, drilling and blasting practices of the Hanna Coal Company ..... \*458

#### Cutting machines

#### Factors influencing power requirements for cutting machines. I. H. Coen ..... \*74

### D

### Drainage

#### Can draw off profits as well as water ..... 183

#### Coal Mining Institute discusses safety and purification of mine waters at meeting ..... \*21

#### Fiber pipe protects against acid at new blowhole at Hanna Coal Co. ..... \*496

#### Hanna Coal Company's drainage work ..... 485

#### Suffocating gob pyrite (e) ..... 2

### E

### Economics

#### Appalachian Coals proposes campaign to protect coal trade against hydro-electric power ..... 398

#### Back to the mines (e) ..... 39

#### Bituminous operators continue war on substitutes ..... 149

#### Business taking stock of New Deal (e) ..... 371

#### Capital-goods activity needed for recovery program (e) ..... 120

#### Coal continues fight on competitive fuels ..... 328

#### Coal industry of Alabama and ice companies fight against TVA program ..... 363

#### Code operation lays new economic foundations for coal mining industry ..... \*69

#### Estimated variations in total cost in cents per ton, on basis of present hourly rates, from costs based on eight-hour day and five-day week ..... 141

Fourth party to new social experiment (e)	157
Hydroelectric activity increases	507
Indirect allocation of tonnage (e)	297
Inter-industry competition (e)	40
Massed forces against hydro-electric projects (e)	371
Production costs, sales and administrative expenses and sales income per net ton, November, 1933	138
Production for winter supply of coal (e)	298
Socialization of coal at conference on "America's Public Ownership Program"	116
Scrip limitation proposed	506
Seasonal exemptions (e)	336
Shorter hours (e)	119
Subsistence homestead project for Iowa	154
TVA remembers (e)	38
Wide gains marked up by coal in fight for stabilization in 1933	41
"Yardsticks" (e)	120
<b>Electric Furnace-Man Inc.</b>	
Annual convention	326

**Electricity**

Air cools motor generator set in Wick mine	321
Blowers have eliminated failures due to heat at Hanna Coal Company	495
Capacitor affords lightning protection to sub-station at Hanna Coal Co.	495
Capacitor investment proves profitable	144
Catenary suspension for trolley wires	249
Cincinnati exposition of new equipment	234
Control circuit protects substation equipment	284
Current value may increase in A.C. holding coils	306
D.C. equipment performance checked against tonnage	146
Eliminating hanger flashover	30
Factors influencing power requirements for cutting machines. I. H. Coen	74
Floating batteries cut demand and improve voltage. J. H. Edwards	344
Hanna Coal Company's electrification	472
How to charge mine storage batteries. J. E. Borland	228
How to check up on d.c. power losses in underground transportation	26
Insulating hitching	398
Light loads can be carried without transformer oil	359
Load dispatching slashes power cost at Appalachian mine. A. F. Brosky	95
Load factor and its determination	147
Oil transfer switches developed for 550-volt service at Summerlee mine	76
One-man test arrangement for armatures	323
Power cost economies revealed in thorough electrification survey	175
Reel switches in automatic signal system	180
Remote control of fan and borehole feeder uses single control wire	29
Sequence starting system for D.C. motors	110
Series operation of locomotives	359
Short rail bonds made standard at large mines	77
Spring field-coil supports improve old motors	359
Sun shading may increase transformer rating	359
Switch at hoist controls shaft gate locks	111
Trench cable preferred over pole line and borehole at Hanna Coal Co.	494
Wire requirements reduced by unusual hook-up	286
Wiring diagrams of bridging-type mine telephones	358
<b>Electrification</b>	
Connected loads indicated by lamps above panels	191
Tipple crossing signal built without relays	193
<b>Explosions</b>	
Chlorine in the air (e)	120

**F**

<b>Federal Emergency Relief Administration</b>	
Changes in handling orders	81
<b>First Aid and Mine Rescue</b>	
Kentucky safety meet held	443
West Virginia Coal & Coke Corp. hold safety meet	443
West Virginia safety day	443
West Virginia safety meets	403
Fly-ash—aspirated product (e)	2
<b>Freight Rates</b>	
Coal prepares to fight higher rate plea	399
Ohio decision to be appealed	81
Proposed increase in rates (e)	372
Railroad executives propose increase	331
Utah coal rates cut	34
<b>Fuel</b>	
Labor organizations continue war against substitute fuels	113
<b>Fuel and Energy Planning Board</b>	
Study of fuel problems planned by NRA	33

**G**

Ground movement and subsidence A.I.M.E. meeting	107
Grundy field and its development	302
Grundy field—Roseann mine leads in daily capacity	304

**H**

<b>Harlan County Coal Operators Assn.:</b>	
Officers elected	509
<b>Hoists and Hoisting</b>	
Air-lock cages through ventilation shafts. F. C. Cornet	353
Hoisting kinks	245
Locomotive made into stationary hoist	396

**I**

<b>Illinois:</b>	
To use cement made from state coal	506
<b>Illinois Mining Institute</b>	
Safety problems take lead at meeting	279
Underground operation, research safety and coal cleaning feature annual meeting	501
Elects officers	501
<b>Illinois Coal Operators Assn.:</b>	
Election of officers	509
<b>Indiana Coal Mining Institute</b>	
Face preparation and safety star at meeting	272

**K**

<b>Kentucky</b>	
State Department of Mines and Minerals expands	288

**L**

<b>Labor</b>	
Anthracite factions continue warfare	508
Anthracite insurgents rebuffed by United Mine Workers	442
Anthracite insurgents threaten general strike	35
Anthracite peace proposed by umpire	326
Anthracite strike fades	82
Anthracite strikers resume work	404
Appalachian agreement in full	200
Appalachian agreement sets 35-hour week with wage increases	152
Appalachian wage agreement conference	115
Average daily earnings under the code	137
Bituminous Coal Labor Board personnel for Division	132
Bituminous labor boards continue activity	326
Bituminous wage stabilization in 1933	65
Board decides captive mine row	82
Bonus payments discussed at A.I.M.E. congress	101
Elections to determine who should speak for mines not parties to Appalachian agreement	289
Hanna Coal Company's employee relations	487
Houde Engineering Corp. case decision (e)	372
Hourly rates for inside and outside labor included in Tennessee-Georgia, Southern Tennessee and western Kentucky agreements	104
Hours reduction and wage increases proposed at bituminous coal code conference	150
Labor board decisions in August	366
National Bituminous Coal Labor Board hands down decisions	508
National Labor Board busy with case	289
National Labor Board gets captive mine dispute	35
NRA issues revised order in wage and hour controversy	196
Progressive union tries to force referendums at operations under contract with United Workers	289
Scrip committee in Alabama	331
Scrip payments studied	195
Southwest deep mines win wage cuts	289
Stoppages mark adoption of shorter day	199
Subsistence homestead plan to include miners	81
Subsistence homestead project for Illinois	206
Subsistence homestead project for Iowa	154
Thirty-hour week demand ill-timed (e)	371
Tonnage, yardage and deadwork scales included in union contracts for various bituminous fields (supplement in March number)	40
Union (e)	103
Union sway established in almost all bituminous fields	103
United Mine Workers president demands 30-hour week	403
U. S. Labor Department proposes work sharing during slack times	205
Wage rates treble but labor costs per ton decrease at Union Pacific. Eugene McAuliffe	259
Wages—day scales for mechanical loading established in union agreements for various districts	68

Wages—hourly rates for inside and outside day labor included in union contracts for various bituminous fields, in cents per hour	66
Wages—union scales for strip mining, Indiana and Illinois	68
Wagner bill (e)	298
Western Kentucky enjoins NRA wage order	254

**Law and Legislation**

Kentucky mine law passed	154
Kentucky mine law signed	331
Labor bills pushed	153
Law and realities (e)	208
Lubrication	
Mine-car lubrication	437

**M****Maintenance**

Adequate inspection is key to proper maintenance	78
Ball bearing maintenance practice	248
Ball bearings on motor having fitting indicating grease overflow	248
Broken shaker arms held by wooden roller	78
Electrical etcher used for dating ball bearings	246
Equipment parts should cost no more from manufacturer than from local dealer (e)	243
Handy push truck	361
Hanna Coal Company's maintenance work	477
Lengthening chain drive life	438
Light unit for aligning track	194
Locomotive has suspension bar attached to side frame	287
Locomotives change to improve axle lubrication	287
Motor temperature	361
New River & Winding Gulf Electrical & Mechanical Institute feature maintenance hints	436
Opening flywheel case cools bearing	246
Pinion puller	145
Points way to lower costs per ton	178
Pump plungers welded at low cost	398
Rack for storing steel made from used rail	397
Sharpeners for drill steel employs drill itself	437
Sprocket puller	398
Staggering rollers lengthens their service	321
Tool facilitates turning crankpin	438
Truing of cylindro-conical drums	320
Wear of locomotive axles	361
Wiring diagrams of bridging-type mine telephones	358

**Management**

Accounting for fixed assets. J. C. McNeil	354
Challenged by demands of new deal	159
Efficiency report enables executives to plan production and cut costs	360
Foreman's responsibilities under NRA. J. J. Rutledge	317
Making cost sheet a byproduct of ledger postings. J. C. McNeil	432
Reports necessary to manager (e)	209
Routing of a report (e)	336
Scheduling (e)	158
McGraw-Hill Co.—anniversary month	292

**Mechanization**

Anthracite drives for lower costs and higher quality in 1933	44
Broaden mechanization concepts—American Mining Congress	220
Casualties reduced at Harry Taylor mine by mechanization methods. Charles Dorrance	419
Cincinnati exposition of new equipment	234
Coal saw average 229 tons per shift at Anjean. J. H. Edwards	388
Conveyor mining in Southern fields	337
Conveyors, scrapers, and loaders discussed at Rocky Mountain meeting	125
Cost-cutting by mechanization	162
Mechanical loading at Wick mine of Ingles Coal Co.	207
Mechanical loading at the Hanna Coal Co.	462
New Monarch mine eliminates delays in mechanical loaders	112
Safety gains with increased mechanization—Rocky Mt. meeting	132
Union Pacific decreases labor costs but increases wages. Eugene McAuliffe	259
Working area of mines concentrated to a minimum (e)	297

**Merchandising**

Anthracite burner standards	153
Briquetting progress opens new market opportunities. E. J. Tournier	309
Campaign for dustless coal	79
Coal industry presses war against substitutes	79
Continue war on substitutes	250
Equitable Building, N. Y., returns to anthracite	293
Hanna Coal Company's merchandising policies	490
Illinois process for briquetting	365
Improving preparation with regard to consumer preferences—American Mining Congress	224
"New River" decision	115
Operator-wholesaler relations between Pennsylvania, New York and New England	32

Pennsylvania anthracite re-enters European market	288
Rocky Mt. meeting discusses problems of merchandising	135
Sales of stokers in September break record	497
Southern Illinois organizing to promote coal	250
Stoker merchandising plan developed by Dickson & Eddy	403
Stoker sales increase	403
Stokers gain in Birmingham	*507
Utah and Wyoming coal men map market fight	367
West Frankfort plant widens market by turning fines into domestic coke	*421
Merchandising. See also Sales Agencies.	
Mine Inspectors Institute of America	
Safety at any cost is theme at meeting	231
Mine timbers	
Longface and room workings at Salem Hill	*263
Pillar drawing (e)	409
Mineral Planning Committee	
Appointment by President	250
Mining	
Our mining language (e)	258
Mining Methods	
Anthracite stripings exemplify new technique in southern fields	*299
Coal saw averages 220 tons per shift at Anjean, J. H. Edwards	*388
Conveyor mining in Southern fields	*337
Crappo mine sets goal for low cost and minimum degradation. I. A. Given	*411
Directness (e)	158
Face preparation opens new vistas for modernization	165
Face preparation stressed at Anchor Mines	*260
Face preparation discussed at Indiana Institute meeting	*272
Ground movement and subsidence report —A.I.M.E. meeting	107
Hanna Coal Company's mining methods	*455
Longface and room workings at Salem Hill mine	*263
Management challenged by demands of new deal	159
New Monarch mine has different methods of operating loaders	*12
New wrinkles in face operation—American Mining Congress	222
Technique progressed in bituminous mines in 1933	*46

## N

National Assn. of Lubricating Grease Mfrs.	
Mine-car lubrication discussed	437
National Association of Purchasing Agents	
Cleveland convention	294
National Coal Assn.	
Annual meeting discusses bituminous coal problems and future of the industry	*427
Battle made secretary	250
Company store committee named	256
Convention favors two-year extension of bituminous code-control plan	*415
Executive, legislative, government relations—committeemen named	*497
Moves for federal tax on natural gas	34
Special committee studies legislation	324
United Mine Workers and National Code Association seek natural gas agreement	195
National Industrial Recovery Act	
On guard!—government administration of industry (e)	2
National Labor Board	
Divorced from NRA	115
National Safety Council	
Mine safety problems discussed at Cleveland meeting	*424

## Natural Gas

Coal program for combating gas	328
Line in central Mississippi planned by Natural Gas Service Corp.	149
Losses to natural gas recently	195
Minneapolis may use natural gas	195
N.C.A. moves for federal tax on natural gas	34
National Coal Association and United Mine Workers seek natural gas agreement	195

## New Equipment

Bearing mounting, roller	*332
Bit, cutter	*407
Blasting machine	408
Blower, portable	296
Blowers	*117
Blueprinting machine	*408
Boiler, integral-furnace	*408
Breaker, vertical pick	*155
Bronze bar stock	332
Car-door opener	*117
Cincinnati exposition of new equipment	234
Coal cleaners	*295
Coating, protective	208
Combustion test set	*155
Conveyor, elevating	446
Conveyor, shaker	*446
Coupling, flexible	*85, *156, 368
Coupling, gasket-type	*207
Coupling, light duty	*156

Crusher, single roll	*368
Cutting machine	*85
Drill, one man	*117
Drill, rock	207
Drill, wagon	*334
Dust collector	*446
Electrical aids	208
Electricity	
Arc arrester	*37
Battery separator	*332
Cables, mining	334
Cap lamp	445
Coil winder	*155
Drive bases	*155
Gearmotors	208
Magnetic separator	*38
Magnetic starter	*156
Motor, explosion proof	*208
Motor, flanged-head	445
Motoreducers, vertical	*334
Motors and controls	370
Polehead	*369
Portable measuring instruments	370
Pressure governors	*37
Pushbutton	*207
Relays	*118
Starter, motor	*407
Strain insulator fittings	*117
Supervisory control	*295
Switch, disconnecting	*445
Switch, instrument	295
Switches, outdoor	*334
Switch, safety	*368
Switch, starting	*156
Switch, vacuum	*85
Switches	*207
Transformers, portable current	*207
Gage, vacuum	*369
Gas indicator	*85
Gas mask with speaking diaphragm	*117
Generator, acetylene	*369
Gun, graphite	*369
Hoist, chain	208
Hook and roller bar	*333
Hose, air	*369
Iron, new cast	*38
Joint, hose	*334
Lead packing	208
Loader, box-car	*37
Loader, gangway	*407
Loader, semi-portable	*332
Locknut	446
Locomotive, diesel	*408
Locomotive, diesel-electric-drive	*86
Locomotive, fireless	*38
Locomotive, gasoline	*333
Methylene blue	*37
Motor, self-protected	*86
Paint, aluminum	*295
Pipe tools	*446
Puller, gear and pinion	*333
Puller, spike	*333
Pump, centrifugal	445
Pump, heavy duty	*156
Pump, portable	*118
Pump, rotary	*368
Rejection control	*117
Spray nozzle	*295
Stoker, domestic	*258
Stokers	*370
Strainer	*295
Surfacing, hard	207
Thermostats, bearing	*86
Tools, light mining	*370
Tractor	*208
Tractor, diesel	*85
Truck, motor	*296
Valve, bronze	*155
Valve, control	*445
Valve, gate	*408
Valve, non-metallic disk	*86
Valves	*207
Wall seal	370
Welder, portable	*445
Welding aids	296
Welding bench	408
Welding electrode	156, 334
Welding equipment	*445
Welding spectacles	*85
Welding and cutting aids	*37
Wire lubricator	*407
Wood preservative	208

## New River &amp; Winding Gulf Coal Mining Institute

Holds safety meet	403
New River & Winding Gulf Electrical & Mechanical Institute	
Load factor and its determination	*147
Maintenance discussion at meeting	402
Meeting features maintenance hints	*436
West Virginia meeting	115

## Notes From Across the Sea

Colloidal fuel manufacture abroad	492
Diesel-oil locomotives sold to continental mines	243
Germany—coal dust for power	492
Germany—coal to be used in manufacture of colloidal fuel	492
Germany—gases from coal distillation available for motor fuel	492
Germany—lignite companies unite for production of motor fuel by hydrogenation process	492
Germany—lignite production	24
Germany—light alloys for mine equipment	243
Great Britain—Causes of silicosis	142
Great Britain—Protective apparel	142
Great Britain—Hydrogenation of coal under high pressures and temperatures	108
Great Britain—Weakly caking will produce better coke than normally	108
Great Britain—Silicosis discussion	24
Great Britain—Suspended solids settle more speedily in alkaline waters	188

Great Britain—Dust-wetting quality of water	188
Great Britain—Enlargements and contractions of airway	188
Great Britain—Experiments with sheathing materials for cartridges	282
Great Britain—Report on incombustible dusts for dusting	434
Great Britain—Danger from sparks	434
Great Britain—Socketing ropes	434
Great Britain—Composition of coal	434
Great Britain—Clay as tamping material	394
Great Britain—De-ashing of coal	243
Great Britain—Hydraulic cartridge	243
India—Sarang colliery—water transportation of coal	*356
Russia—Hard bituminous coal in Siberia	108
Russia—Mine planned for underground gasification of coal	243
Scotland—Fire protection at Wellesley colliery	394
Vertical cutting machines sold in Germany and England	243
Wales—Proposed South Wales drainage tunnels	*394
Wales—Tests on strength of packwalls	*318
Nystagmus (e)	410

#### Power Generation

Jewell Ridge Coal Corp. reverts to private power generation	*92
Kings Station mine cuts costs with private power plant	*267
Lillybrook builds a non-condensing power plant	*129
Lincoln generates power with pulverized coal	386
McKell mines replace old equipment with "steam-generating unit" and cut fuel cost	*3
Power cost economies revealed in electrification survey	175
Scotts power plant cuts energy consumption 25%. J. H. Edwards	*213
Soft coal installs mine generating plants	*63

#### Preparation

Adjustable chute cuts breakage in conveyor loading	*194
Air-sand process of cleaning at Chickasaw mine	*342
Anthracite drives for lower costs and higher quality in 1933	44
Automatic weight indicator and recorder eliminate night weigh boss	*397
Auxiliary shaker transfers from screen to conveyor	*322
Bituminous coal crushing increasingly important	pt. 1 *269, pt. 2 314
Bituminous preparation developments in 1933	*60
Central cleaning plant helps Avella District recover lost markets. Joseph Pursglove, Jr.	*211
Crappo mine sets goal for low cost and minimum degradation. I. A. Given	*411
Creek covered to increase coal storage space	*146
Fan installation removes dust to facilitate inspection	*285
Flootation may be used to separate coals having specific industrial uses. E. M. Mayer	*17
Gowen breaker of Buck Mountain Coal Mining Co. provides high efficiency and low cost in anthracite preparation	*89
Improvements in preparation—American Mining Congress	224
Island Creek modernizes a modern tipple, triples loading points and adds crushing facilities. J. H. Edwards	*121
Kehoe-Berge breaker employs the sand cone system of cleaning. A. B. Shuts	*383
Lehigh Briquetting adds to plant	497
Magnet for tramp iron set in bottom of chute	*192
Naomi installs new air operated jig system to clean coal	*377
New design for shaker-screen at Consolidation tipple	*277
New plant construction	149, 251, 289, 324, 362, 390, 439
New topworks construction in 1933	61
Ohio section A.I.M.E. surveys values of preparation plants	431
Picking tables equipped with day blue lights	*194
Surface preparation at the Hanna Coal Co.	*469
Surface preparation too often neglected in quest for lower costs	171
Swinging boom adds three slack-loading trucks at Anjean	*437
Technique progressed in bituminous mines in 1933	*46

#### Pumps and Pumping

Drainage can draw off profits as well as water	183
Pumping hints	246

#### R

#### Railroads

Price rebate? (e)	120
Railroad favoritism (e)	88
Relief coal plan (federal) discontinued	116
Operators and miners protest opening new mines for relief coal	443

#### Refuse Disposal

Hudson Coal Co. cuts refuse disposal cost by belts and shuttle conveyors	*6
Underground rock-disposal system	*321

#### Research

Anthracite research seeks new markets. H. G. Turner	*58
Battelle Memorial Institute offers funds for bituminous research	328
Bituminous Coal Research, Inc. directors named	509
Bituminous Research Committee	253
Bituminous research needs three point program. C. E. Williams	*56
Coal research in progress or completed in 1933 or planned for 1934	54
Increased research recorded for 1933	53
Operators' Assn. of Williamson Field joins Bituminous Coal Research	443
Organized research for bituminous coal (e)	409
TVA states attitude on coal research	363
Rocky Mountain Coal Mining Institute Denver meeting	114
Mechanization with scrapers, conveyors and loaders discussed at meeting	*125
Problems of code administration and merchandising discussed	*135
Safety gains with increased mechanization in West	132

#### Roof Control

Arching and bumps. T. L. McCall, S. C. Miffen	242
Kentucky State Dept. of Mines and Minerals to study mountain bumps	367
Paramount consideration (e)	258
Throwing weight on pillars (e)	210
Underdraw (e)	335
What happens when mineral is extracted—A.I.M.E. meeting	107

#### S

#### Safety

Accident prevention makes new record in 1933	*51
A.I.M.E. discuss at congress	101
"B" and Stillwater mines win safety trophies	324
Alabama plans revival	497
Block for mine cars	*77
Bureau of Mines funds reduction curtails safety work	402
Casualties reduced at Harry Taylor mine by mechanization methods. Charles Dorrance	*419
Chain lock for safety	*28
Cincinnati exposition of new equipment	*234
Coal Mining Institute discusses safety and purification of mine waters at meeting	*21
Detachable seat makes brakemen safer	*495
Drilling and blasting safety standards used at an Indiana mine	323
Electric cap lamp discussed at A.I.M.E. meeting	*429
Handhold on car so brakeman need not grasp edge	*112
Hanna Coal Company's safety work	*480
Holmes Association certifies presented	288
Holmes Safety Assn. makes safety awards	149
Hydrogen dangers (e)	1
Illinois Institute discusses safety problems	279
Indiana Institute discusses safety	272
Indispensable to modern mine operation	181
Is safety imperiled by new deal?—American Mining Congress	227
Insulating hitching	*398
Mine Inspectors' Institute meeting discusses safety	231
Mines operating with less accidents (e)	297
National Safety Council discussed miners' safety and health at Cleveland	*424
Piercer for primers	*110
Record board gives accident prevention record	*30
Pocahontas-Tug River safety council organized	362
Rocky Mt. meeting discusses safety gains with increased mechanization	132
Safety council adopts code for machine runners and scrapers	192
Screening headframe promotes safer operation at Hanna Coal Co.	*495
Sealing mines discussed at A.I.M.E. meeting	*429
Suffocating gob pyrite (e)	2
Ten-year safety campaign at Phelps Dodge pays. G. C. Davis	*123

#### Sales Agencies

Appalachian Coals, Inc.—accounting and statistics	*348
Appalachian Coals, Inc.—organization and experiences	*311
Eastern Coals Inc. submits plan for organization	293
Hocking Coals, Inc., elects officers	498
Hocking Coals, Inc., organized to handle southern Ohio coals	*390
Kentucky purchasing agents have special meeting	33
Northern Coals, Inc., organized to handle Ohio Coals	*390
Northern Colorado organizes agency	497
Purchasing agents discuss problems at Cleveland convention	294
Western Pennsylvania Committee to study agency plan	439
Somerset County Coal Operators' Assn. Officers elected	116
Southern Appalachian Coal Operators Assn. Officers elected	509

#### Stabilization

Industry charts feature control program	505
NRA approves tonnage allocation schemes to end correlation squabbles	325
Operators debate proration program at Chamber of Commerce meeting	251
Proration (e)	210
Wide gains market up by coal in fight for stabilization. 1933	41
Steam truck on tour	329

#### Stokers

September sales break record	497
------------------------------	-----

#### Stores

Company store committee is named by NCA	256
Company stores. David Andrew	73
Company stores "Pharmacist"	73

#### Stripping

Anthracite stripings exemplify new technique in southern fields	*299
Sinclair strip mines employ trailer haulage. I. A. Given	*373
Technique progressed in bituminous mines in 1933	*46

#### Supplies

Inventory control also plays part in cost reduction	180
Surveying—sights for turning curves at Hanna Coal Co.	*496

## T

## Taxes

Accounting for fixed assets. J. C. Mc-Neil ..... 354  
 American Mining Congress opposes additional taxes for Bureau of Mines ..... 15  
 Anthracite exempted from duty ..... 195  
 N.C.A. moves for federal tax on natural gas ..... 34  
 No appeal on import tax ..... 331  
 Tonnage tax fought in Alabama ..... 507

## Tennessee Valley Authority

Appalachian Coals proposes campaign to protect coal trade against hydro-electric power ..... 399  
 Coal continues fight on competitive fuels ..... 328  
 Coal industry of Alabama and ice companies fight against TVA program ..... 363  
 Encounters hard sledding in courts ..... 506  
 injunction against TVA sought to protect coal ..... 293  
 N.C.A. president replies to proposal for investigating TVA ..... 506  
 Offers to investigate costs of coal and hydro power (e) ..... 410  
 Policies under fire ..... 439  
 Proposes independent study of power costs ..... 416  
 Research program brings retort from president of National Coal Assn. (d) ..... 335  
 Statement on attitude on coal research ..... 363  
 Stockholders of Alabama Power Co. file suit to prevent utility from carrying out contracts with 14 towns ..... 399  
 Timber, purchase restrictions blocked ..... 330

## Transportation

Adequate haulage equipment (e) ..... 257  
 American Mining Congress discusses transportation ..... 223  
 Automatic signal system uses reel switches ..... 190  
 Boom hoist controls dead block ..... 287  
 Car end gates are lifted without use of hooks ..... 322  
 Car stop made of drawbar ends ..... 111  
 Car stops ..... 193  
 Controller for locomotive ..... 111  
 Gate for loading cars ..... 29

Handhold on car so brakeman need not grasp edge ..... 112  
 Handling trips on inclines ..... 145  
 Hand-operated cable guide for mining machine ..... 247  
 Hanna Coal Company's transportation ..... 466  
 Higher efficiency needed in transportation ..... 167  
 Leaf springs on top of rail operate scale switches ..... 248  
 Light unit for aligning track ..... 194  
 Load dispatching slashes power cost at Appalachian mine. A. F. Brosky ..... 95  
 Loading long props on cage ..... 28  
 Locomotive motor housing ..... 145  
 Monitor-operated switch-throwing mechanism ..... 398  
 Non-catching hook is used on trip retarder rope ..... 249  
 Operatorless pusher locomotive ..... 361  
 Rail sprag used at Columbia mine ..... 30  
 Safety block for cars ..... 286  
 Safety block for mine cars ..... 77  
 Tipple crossing signal ..... 193  
 Trolley wire guard ..... 322  
 Truck moves loading machines long distances ..... 285

## U

## Union of Socialist Soviet Republics

Plan coal increase ..... 256

## United Mine Workers

Lewis demands 30-hour week ..... 403  
 National Bituminous Coal Labor Board upholds contract between U.M.W. and Peabody Coal (e) ..... 87  
 33d biennial convention and its highlights ..... 83

**U. S. Chamber of Commerce**  
 Coal operators debate proration at meeting ..... 251

**Utah Coal Producers' Assn.**  
 Meeting plans market fight ..... 367

## Utilization

Anthracite for filtration purposes discussed at A.I.M.E. congress ..... 101  
 Anthracite for refrigeration at meat storage plant ..... 256

## V

## Ventilation

A.I.M.E. discusses at congress ..... 101  
 Air lock cages through ventilation shafts. F. C. Cornet ..... 353  
 Costly air (e) ..... 209  
 Fan modernization in Susquehanna Coalfields ..... 347  
 Hanna Coal Company's ventilation ..... 484  
 Hides costs and losses worth uncovering ..... 184  
 High speed ventilation (e) ..... 257  
 Hillman Coal & Coke reduce power bills with new fans ..... 417  
 Hinge provides automatic door closing ..... 286  
 Measurement of mine air pressures. R. S. Lewis ..... 275

## Virginia Coal Operators' Assn.

Election of officers ..... 255

## W

Weight recorder and indicator, automatic, eliminate night weigh boss ..... 397  
 Welding  
 Pump plungers welded at low cost ..... 398  
 Straightening axles by arc-welding ..... 248

**West Virginia Coal Mining Institute**  
 Code influences on mining problems discussed at meeting ..... 9  
 Economic and engineering problems discussed at annual meeting ..... 498  
 Elects officers ..... 498

**West Virginia Council**  
 Safety council formed from Holmes Safety Assn. ..... 324

**Wyoming**  
 Ten years of accident experience reviewed at Rocky Mt. meeting ..... 132

## MINE AND COMPANY INDEX

## A

Ajax Coal Co. Conveyor mining ..... 337  
 Alamo Coal Co. Barbour mine resumes operations ..... 405  
 Allegheny River Mining. Air-sand process of cleaning at Chickasaw mine ..... 342  
 Alston Coal Co. Buys new stripping shovel ..... 250  
 Anchor Coal Co. Auxiliary shaker transfers from screen to conveyor ..... 322  
 Boom hoist controls dead block ..... 287  
 Face preparation ..... 260  
 Fan installation removes dust to facilitate inspection ..... 285  
 Operatorless pusher locomotive ..... 361  
 Appalachian Coals, Inc. Accounting and statistics ..... 348  
 Combustion engineers launch fuel program ..... 402  
 Holds annual meeting ..... 113  
 Organization and experiences ..... 311

## B

Babcock Coal & Coke Co. Park land donated through president ..... 255  
 Bell & Zoller Coal & Mining Co. Safety block for mine cars ..... 77  
 Sprocket puller ..... 398  
 Truck moves loading machines long distances ..... 285  
 Binkley Mining Co. Controller for mine locomotives ..... 111  
 Black Diamond Coal Mining Co. Hinge provides automatic door closing ..... 286  
 Block Coal Co. Monitor-operated switch throwing mechanism ..... 398  
 Blue Bird Anthracite Coal Co. Fire damages tipple ..... 290  
 Blue Diamond Coal Co. Conveyor mining ..... 337  
 Blue Jay Lumber Co. Conveyor mining ..... 340  
 Brookside-Pratt Mining Co. Installing cable in borehole ..... 112  
 Broomhill Mine. Adjustable chute cuts breakage in conveyor loading ..... 194  
 Buchanan County Coal Corp. Grundy field development ..... 302  
 Buchanan Smokeless Coal Corp. Grundy field development ..... 302  
 Buck Mountain Coal Mining Co. Broken shaker arms held by wooden roller ..... 78  
 Gowen breaker provides high efficiency and low cost ..... 89

## C

C.C.B. Smokeless Coal Co. Conveyor mining ..... 337  
 Cane Creek Coal Mining Co. Sinking a new slope ..... 289  
 Colorado Fuel & Iron Co. Must file reorganization plan by February ..... 401  
 Reorganization requested ..... 365  
 Columbia Steel Co. Rail sprag ..... 30  
 Safe blasting practice ..... 76

Consolidated Coal Co. developing new mine near Flint, Mich. ..... 79  
 Crapo operation designed for low coal and minimum degradation. I. A. Given ..... 411  
 Consolidated Coal Co. of St. Louis. accidents and injuries since Jan. 1, 1927 — Illinois Mining Institute meeting ..... 279  
 Hoisting kinks ..... 245  
 New Monarch mining plant designed to eliminate mechanical-loading delays ..... 12  
 Consolidation Coal Co., suspended drive eliminates shock from shaker screens ..... 277  
 Continental Coal Co. series of small lamp show position of trip on slope ..... 245

## D

Dehue Mine. Switch at hoist controls shaft gate locks ..... 111  
 Delta Coal Mining Co. Organized by Sinclair Coal Co. to strip coal in Illinois ..... 402  
 Diamond Crystal Salt Co. Safety board gives accident figures ..... 30  
 Dixie Bee Coal Co. Nashville Coal Co. purchases Dixie Bee mine ..... 439

## E

Elkhorn Piney Coal Mining Co. Adequate inspection is key to proper maintenance ..... 78  
 Ball bearings on motors having fitting indicating grease overflow ..... 248  
 Conveyor mining ..... 337  
 Locomotives changed to improve axle lubrication ..... 287

## F

Four Seam Coal Corp. Drawbar end makes car stop ..... 111  
 Trolley wire guard ..... 322

## G

Gauley Mountain Coal Co. Conveyor mining ..... 337  
 Locomotive made into stationary hoist ..... 396  
 Gay Coal & Coke Co. Automatic weight indicators and recorder eliminate night weigh boss ..... 397  
 Gibraltar Coal Mining Co. Tool facilitates turning crankpin ..... 438  
 Welding cut cost of plungers for special pump ..... 398  
 Great Kanawha Barge Line. Conveyor mining ..... 337

## H

Haddock Mining Co. Longface and room workings at Salem Hill ..... 263  
 Hanna Coal Co. Accident and prevention cost sheet ..... 233  
 Blowers have eliminated failures due to heat ..... 495  
 Capacitor affords lightning protection to substation ..... 495

Cutting, drilling and blasting practices ..... 458  
 Detachable seat makes brakemen safer ..... 495  
 Drainage work ..... 485  
 Electrification ..... 472  
 Employee relations ..... 487  
 Fiber pipe protects against acid at new blowhole ..... 496  
 Hanna of Ohio (e) ..... 510  
 Maintenance ..... 477  
 Management ..... 451  
 Mechanical loading ..... 462  
 Merchandising policies ..... 490  
 Mining methods ..... 455  
 Operations of the Hanna Coal Company. December issue ..... 480

Safety ..... 480  
 Screening headframe promotes safer operation ..... 495  
 Sights for turning curves ..... 496  
 Surface preparation ..... 469  
 Transportation ..... 466  
 Trench cable preferred over pole line and borehole ..... 494  
 Ventilation ..... 484  
 Who's who in Hanna Coal Co. pt. 1 ..... 450; pt. 2 ..... 460

Hardy-Burlingham Mining Co. Conveyor mining ..... 337

Harman Coal Corp. To open new Virginia mine ..... 294

Hill & Suender. Anthracite stripings exemplify new technique ..... 299

Hillman Coal & Coke Co. New fans cut power bills ..... 417

Naomi mine rebuilds its tipple, adding washer ..... 377

Hocking Coals, Inc. Ohio sales agency modeled on Appalachian pattern ..... 390

Elects officers ..... 498

Home Creek Smokeless Coal Co. Grundy field development ..... 302

Howard Collieries. Reel switches in automatic signal system ..... 190

Hudson Coal Co. Cut refuse-disposal cost by belts and shuttle conveyors ..... 6

Safety trophies awarded ..... 324

Huntsville-Sinclair Mining Co. Trailer haulage meets demands at Sinclair strip mines. I. A. Given ..... 373

## I

Imperial Colliery Co. Locking bolt and nut keep suspensions tight ..... 287  
 Ingle Coal Co. Air cools motor generator set in Wick mine ..... 321  
 Mechanical loading at Wick mine ..... 307  
 Island Creek Coal. Ball bearing maintenance practice ..... 248  
 Capacitor investment will prove profitable ..... 144  
 D.C. equipment performance checked against tonnage ..... 146  
 Magnet for tramp iron set in bottom of chute ..... 102  
 Modernizes a modern tipple. J. H. Edwards ..... 121

Officers elected .....	253	N	
Picking tables equipped with day blue lights .....	194	Nashville Coal Co. Purchases Dixie Bee mine .....	439
Short rail bond standard practice in all of company's mines .....	77	National Fuel Co. Fire destroys tipple of Puritan mine .....	84
J		Nellie Coal Corp. Holmes Association certificate award .....	288
Jewell Ridge Coal Corp. Conveyor mining .....	337	New River Co. Arc-weld straightening has endured time test .....	248
Reverts to private power generation .....	92	Electrical etcher used for dating ball bearings .....	246
K		Oil transfer switches developed for 550-volt service .....	76
Kehoe-Berg Coal Co. Breaker loads blended coal on single track. A. B. Shutt .....	383	Norfolk & Western Ry. Hand hold on car so brakeman need not grasp edge .....	112
New breaker to be erected .....	195	Leaf springs on top of rail operate scale switches .....	248
L		Light unit for aligning track .....	194
Leckie Collieries Co. Conveyor mining .....	337	Locomotive motor housing .....	145
Leckie Smokeless Coal Co. Coal saw averages 229 tons per shift at Anjean. J. H. Edwards .....	388	Non-catching hook is used on trip retarder rope .....	249
Swinging boom adds three slack loading tracks .....	437	Tipple crossing signal built without relays .....	193
Lehigh Briquetting Co. Adding to producing facilities .....	497	Northern Coals, Inc. Official organ started Ohio sales agency modeled on Appalachian pattern .....	444
Lehigh Navigation Coal Co. Anthracite stripings exemplify new technique .....	299	O	
Fire destroys shaft .....	252	Old Ben Coal Corp. Reorganization planned .....	293
Lillybrook Coal Co. Generates mine power at new non-condensing plant .....	120	Owl Creek Coal Co. Shaking conveyors equipped with self-contained power loading head discussed at Rocky Mt. meeting .....	125
Lincoln Coal Co. Power plant at mine uses pulverized coal. D. Jamieson .....	386	P
